

## Quality Policy Statement

### 1. GENERAL STATEMENT OF INTENT

- 1.1. The Company is a family owned and operated business, and it is our absolute duty, as the industry leaders in offsite construction, to provide our recognisable high standards on each project that we undertake. The overall aim of the company and its quality policy is to provide, as a minimum, every single customer with the people, service, organisation and resources to meet their requirements. The policy focuses upon delivering consistent results across; the pre-sales, design, procurement and manufacture, installation and completion processes, and is designed to ensure that each customer receives exactly the same standard of care on every project.
- 1.2. The Company is committed to:
  - (a) The ongoing development and evolution of a strong customer care structure being present throughout the project path.
  - (b) Consistently high levels of care being afforded to each customer regardless of project size, type or value.
  - (c) Ensuring that the family ethics upon which the Company was founded, and has grown, are continually observed, and built upon.
  - (d) Being responsive, responsible, and accountable for every occurrence along a project path.
  - (e) Continually improving the quality of customer experience through monitoring, reviewing, developing, and enhancing ever higher standards of workmanship and professionalism.
  - (f) Continuing to be the standard bearer for high quality offsite, engineered accommodation within the education industry through delivery of the Company building solutions.
- 1.3. Implementation of the quality policy is the responsibility of all the Company members of staff, whether Senior Management, Junior Staff or directly employed Staff. The responsibility begins with the Managing Director, who takes policy decisions which enable the correct action to be implemented throughout the company.
- 1.4. The quality policy has the full support of the Board of Directors of the Company and, together with the rigorous controls and procedures which are included in and along each project path, they ensure that activities are controlled in a manner compatible with achieving the high levels of product and service required. It is deemed mandatory that all staff comply with the procedures laid down within this policy to achieve a consistent approach to quality assurance and quality control.
